

Installing and Authorizing ArcGIS With MIKE Software, Single Use ArcGIS

The expert in WATER ENVIRONMENTS

General Information

You have purchased a license of MIKE URBAN with a separate license authorization file (*.esfl) for ArcGIS software. Below you will find instructions on how to authorize ArcGIS with this file.

Installation

Before installation, make sure you have the correct User Access Control Settings on the computer you are installing on. They should be at the lowest possible. To change the User access control settings, please go to the Control Panel - User account - change user account control settings. Make sure it stays at the lowest as 'never notify' while installing and licensing.

On your PC, please install the DHI License Management tool (please refer to DHI License Management, User Guide) and MIKE URBAN, which will also install the necessary ArcGIS software.

Then right click the MIKE URBAN setup.exe file and choose run as administrator (see below) to start the installation.

This will start the installation of first ArcGIS and then MIKE URBAN.

Authorizing with an *.esfl file

If you have a perpetual *.eslf file

The file will be named e.g. MUArcGIS.esfl.

After installation of ArcGIS the ArcGIS Administrator Wizard will open. Please choose option Standard (ArcEditor) Single Use.

ArcGIS Deckton				
Standard (ArcEditor) Concurrent Use	Standard (ArcEditor) Single Use Basic (ArcView) Single Use			
Basic (ArcView) Concurrent Use				
ArcGIS Engine				
ArcGIS Engine (Concurrent Use)	ArcGIS Engine (Single Use)			
	O ArcGIS Engine and ArcGIS Engine Developer Kit (Single Use)			
Esri CityEngine				
O CityEngine Concurrent Use	O CityEngine Single Use			
	O CityEngine Named User Licensing			
2. Define a License Manager for	Launch the Authorization			
License Manager	Author, ation Wizard			
O Define a License Manager now:				
Not_Set Browse	Authorize Now			
Define a License Manager later from the ArcGIS Administrator				

NOTE: Do not click authorize now! Instead open the DHI License Management tool.

Install the DHI License file ending in .dhilic. For further information, please refer to the DHI License Management, user guide.

Then choose MIKE URBAN in the menu.

	MIKE URBAN 202	20

Click Authorize ArcGIS.

MIKE - GIS License Administration	
Authorize your ArcGIS License for use with MIKE:	Authorize ArcGIS License
De-authorize your ArcGIS License used with MIKE:	De-authorize ArcGIS License
Diagnose/Repair your ArcGIS License used with MIKE:	Diagnose/Repair ArcGIS License
	Help Close

Click Authorize ArcGIS License... and browse to the location where you saved the *.esfl file.

Click Open

Authorize your ArcGIS Lie	DHIGISAdmin	ArcGIS License
De-authorize your ArcGIS	License sucessfully authorized : ArcEditor	e ArcGIS License
Diagnose/Repair your Arc	ОК	pair ArcGIS License

Click OK.

You should now be able to open and use MIKE URBAN.

If you have a temporary *.esfl file

The file name will be similar to

"ArcGISDesktopStandard_SingleUse_xxxxx.esfl"

After installation of ArcGIS the ArcGIS Administrator Wizard will open. Please choose option Standard (ArcEditor) Single Use.

Ar	cGIS Administrator Wizard		Anced (ArcInfo) Single Use dard (ArcEditor) Single Use c (ArcView) Single Use c (ArcView) Single Use its Engine (Single Use) its Engine (Single Use) Engine Single Use Engine Single Use Engine Named User Licensing Launch the Authorization itzard for Single Use products Authorization Wizard Authorize Now

		OK Cancel	

Click Authorize Now.

Software Authorization Wizard	×
Authorization Options You must authorize the software prior to use. Select from the options below.	
Authorization Options	
O I have installed my software and need to authorize it.	
I have already authorized the software and need to authorize additional extensions.	
 I have received an authorization file and am now ready to finish the authorization process. 	
C:\Users\chy\OneDrive - DHI\Documents\ArcGISDesktopSi Browse	
< Back Next > Cance	ł

Browse to the location where you saved your *.esfl file and click Next.

With your *.esfl file, you also received a password.

Enter your password and click OK.

Click Next and Finish

The ArcGIS Administrator Availability folder will show you the licenses that you have available and you should now be able to open and use MIKE URBAN.
