Release Notes 2021

MIKE Core SDK

Contents:

Introduction

Welcome to MIKE Core SDK 2021 Update 1

In this Release Note you will find information about new features of MIKE Core SDK, and what you need to know in order to install and get started with Release 2021.

MIKE Core SDK is a software development kit that allows you to easily write code that accesses and produces files in the main MIKE data formats.

Note: The MIKE Core SDK installer installs libraries that run the MIKE Core SDK functionality only. The installer does not install documentation or examples. Documentation and examples can be found at http://docs.mikepoweredbydhi.com/.

System requirements

The recommended minimum system requirements are:

Fully supported Windows operating systems *	Windows 10 Pro, version 20H2/2009 (64 bit) Windows Server 2016 Standard (64 bit) Windows Server 2019 Standard (64 bit)
Processor	x64, 2.2 GHz (or higher)
Memory (RAM)	2 GB (or higher)
Hard disk	40 GB (or higher)
Monitor	SVGA, resolution 1024x768 in 16-bit color
Graphics adapter	64 MB RAM (256 MB RAM or higher recommended), 32-bit true color
File system	NTFS

Software requirements	Microsoft .NET Framework 4.7.2 or later

*   Fully supported operating systems are systems that have been tested in accordance with MIKE's Quality Assurance procedures and where warranty and software maintenance agreement conditions apply.

Installation   top

To install MIKE Core SDK, please go to the 'MIKE Core SDK' product folder and execute the setup.exe file either on the MIKE 2021 USB or from the downloaded, un-zipped installation files. Press the 'Install' button to begin installation.

Note: The MIKE Core SDK installer installs libraries that run the MIKE Core SDK functionality only. The installer does not install documentation or examples. Documentation and examples can be found at http://docs.mikepoweredbydhi.com/.

License file and dongle

MIKE Core SDK does not require a license.

Product invocation

The MIKE Core SDK is used from within a development environment e.g., Visual Studio. To access the MIKE Core SDK documentation, please have a look at the documentation and examples at http://docs.mikepoweredbydhi.com/.
